CC: Dr. Indara Phetsamone, Ms Sasithone Sengchanh

Dear Dr. Phonepadith Thipmanyvong,

Thank you for your good requests letter for mobile health care and medical equipment.

Headquartered in California, USA, Lao Rehabilitation Foundation, Inc. (LRF) is a non-profit, non-religious, non-political organization. Activities of the foundation in Laos are conducted by its President Dr. Luc Janssens. The purpose of LRF is to provide medical services to Laotian citizens, with a greater focus on children. The Foundation has conducted several missions in remote area of the Northern provinces in the past, providing medical services to over 30,000 poor patients. The Foundation has also provided mobile medical equipment for dental, E.N.T and eye care in 4 Northern provinces that included Phongsaly province in 2009, 2010 and 2014.

The Lao Rehabilitation Foundation is pleased to inform you of our agreement to provide the necessary funds for this mission, including transportation, accommodation, mobile medical equipment, medicine and other necessities for the mission in Phongsaly province on 2-12 of February, 2015. We are pleased to provide the mission at three locations, Yord-Ou, Bounneu (Ban Yor Health Center) and Samphan District Hospitals of Phongsaly Province. We will gladly consider providing some equipment to the places where we conduct the mission: Yord-Ou, Samphan and Bounneua (Ban Yor Health Center). It should be noted that LRF will provide equipment only when need and ability to use the equipment are clearly demonstrated.

Our goal is to provide eye, dental, internal medicine, obstetric and pediatric services to all patients free of charge, with no regard to gender, age, ethnic background or religion while developing the skills of Lao medical personnel by collaborating with US doctors with expertise in the fields of dental care, pediatric care, internal medicine and expectant mother examination by ultrasound scanning.

In addition to me and my Lao staff, our team will include 5 US physicians with expertise in: internal medicine, pediatric care, dental care, ENT and radiology (please see attach files for details).
We kindly request that you provide us with an official agreement to conduct this medical mission at Samphan and Yord-Ou District Hospitals and Ban Yor Health Center at these dates and that you provide the necessary appointment information to patients and staff at these locations.

Should you need any additional information or have any inquiries please contact me at email: janssens@sonic.net or contact Dr. Phetsamone Indara by phone 22203708 or email: inda_oph@yahoo.com

We are looking forward to receiving soon the official approval for this mission.

Yours sincerely,

Dr. Luc Janssens, President LRF
